

# EmPOWER™

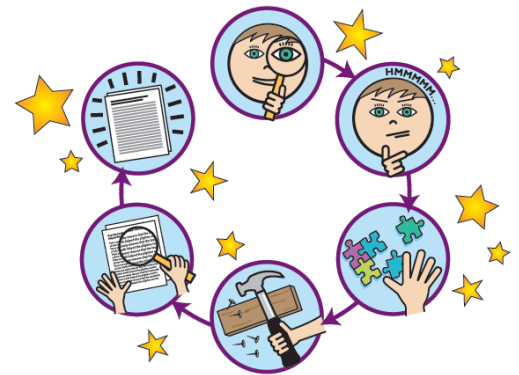

*A method for teaching expository writing*

## Teaching academic writing is hard, even for gifted teachers.

EmPOWER is a proven method for teaching academic writing that makes teachers better teachers and students better writers, thinkers, and learners.

Teachers and students “get it” right away.

- ◆ **A method, not a curriculum.** EmPOWER helps teachers meet the writing goals of their existing curriculum as well as state and Common Core standards.
- ◆ **Research based.** EmPOWER incorporates all of the instructional methods that research shows improve student writing.
- ◆ **Universal.** Teachers can use EmPOWER in all grades and all subjects, with students of all ability levels.
- ◆ **A common language.** EmPOWER ensures continuity in the way writing is taught by giving teachers and students a common language for tackling academic writing.
- ◆ **Structured.** With EmPOWER, teachers and students have the tools they need to organize their thinking so they can structure and express what they know clearly.
- ◆ **Proven.** EmPOWER has been used to improve academic writing with hundreds of teachers and thousands of students.
